

As an Indiana Citizen, I want to speak out against proceeding 02-278. I am very satisfied with our State's Do Not Call Law. I have NEVER bought/made a donation/signed up for anything from a telemarketer and find their unsolicited calls an intrusion into my life. A reasonable assumption is that people who do welcome telemarketing services are not on the Do Not Call list and their client base should be very clear. I feel these high pressured, fast talking salespeople are a threat to the elderly. As a small business owner I can only hope this list extends further so I am not bothered during the day.
